Profile

As a Frontend Developer with several years of experience in the field, my objective is to contribute my skills and knowledge to a dynamic organization that values creativity and innovation. I am committed to delivering high-quality code using the latest technologies and best practices to create user-friendly and responsive web applications. I am a team player with excellent communication skills and a strong passion for frontend development.

Work Experience

Frontend Developer

- Developed and maintained responsive web applications with HTML, CSS, and JavaScript, resulting in increased user engagement and satisfaction.
- Collaborated with cross-functional teams to design and implement new features, resulting in improved website functionality and user experience.
- Optimized website performance through code refactoring and image compression, resulting in faster page load times and improved search engine rankings.
- Conducted thorough testing and debugging to ensure website compatibility across multiple browsers and devices, resulting in a seamless user experience for all visitors.

Education

10/2018 – 10/2022
Tamale, Ghana

Education | Degree
Tamale College of Education

- Developed and implemented engaging lesson plans that catered to the diverse learning needs of students, resulting in a 15% increase in test scores across the class.
- Conducted individualized assessments and provided tailored feedback to students, resulting in a 20% improvement in overall student academic performance.
- Coordinated classroom activities and collaborated with fellow teachers to develop cross-curricular lesson plans, fostering a dynamic and collaborative learning environment.
- Participated in professional development workshops and training sessions to stay up-to-date with the latest teaching strategies and educational technologies, improving my own teaching skills and benefiting the students.
